With reference to the LDP 2 Consultation response the first point I would make is that the LDP 2 refers to two areas, Llanteg and Llanteglos. The correct title for the whole of this area is Llanteg, there never has been a separate area known as Llanteglos. To set the record straight Llanteglos is a house that was built in the mid 19th century in its own large plot. It is only in recent years that these grounds have been developed to include a number of holiday chalets that in no way form a separate hamlet. I would ask that the whole of the village be recategorised as Llanteg

It is also my submission that there should be a moratorium on further planning in LLanteg until there is a mains sewerage scheme installed in the village.

Whilst it has no effect on the Deposit Plan I would point out that St Elidyr's Church in Llanteg was made redundant in 2009 not 40 years ago as stated in Amroth Community Council submission.

[REDACTED] unlike most of the current population of the village, and know the history of the village first hand.

Kind regards
